

Pathways from College to a University degree

Are you at college and thinking about what to do next?

Are you currently thinking about continuing your studies at college or university?

You need pathways.ac.uk

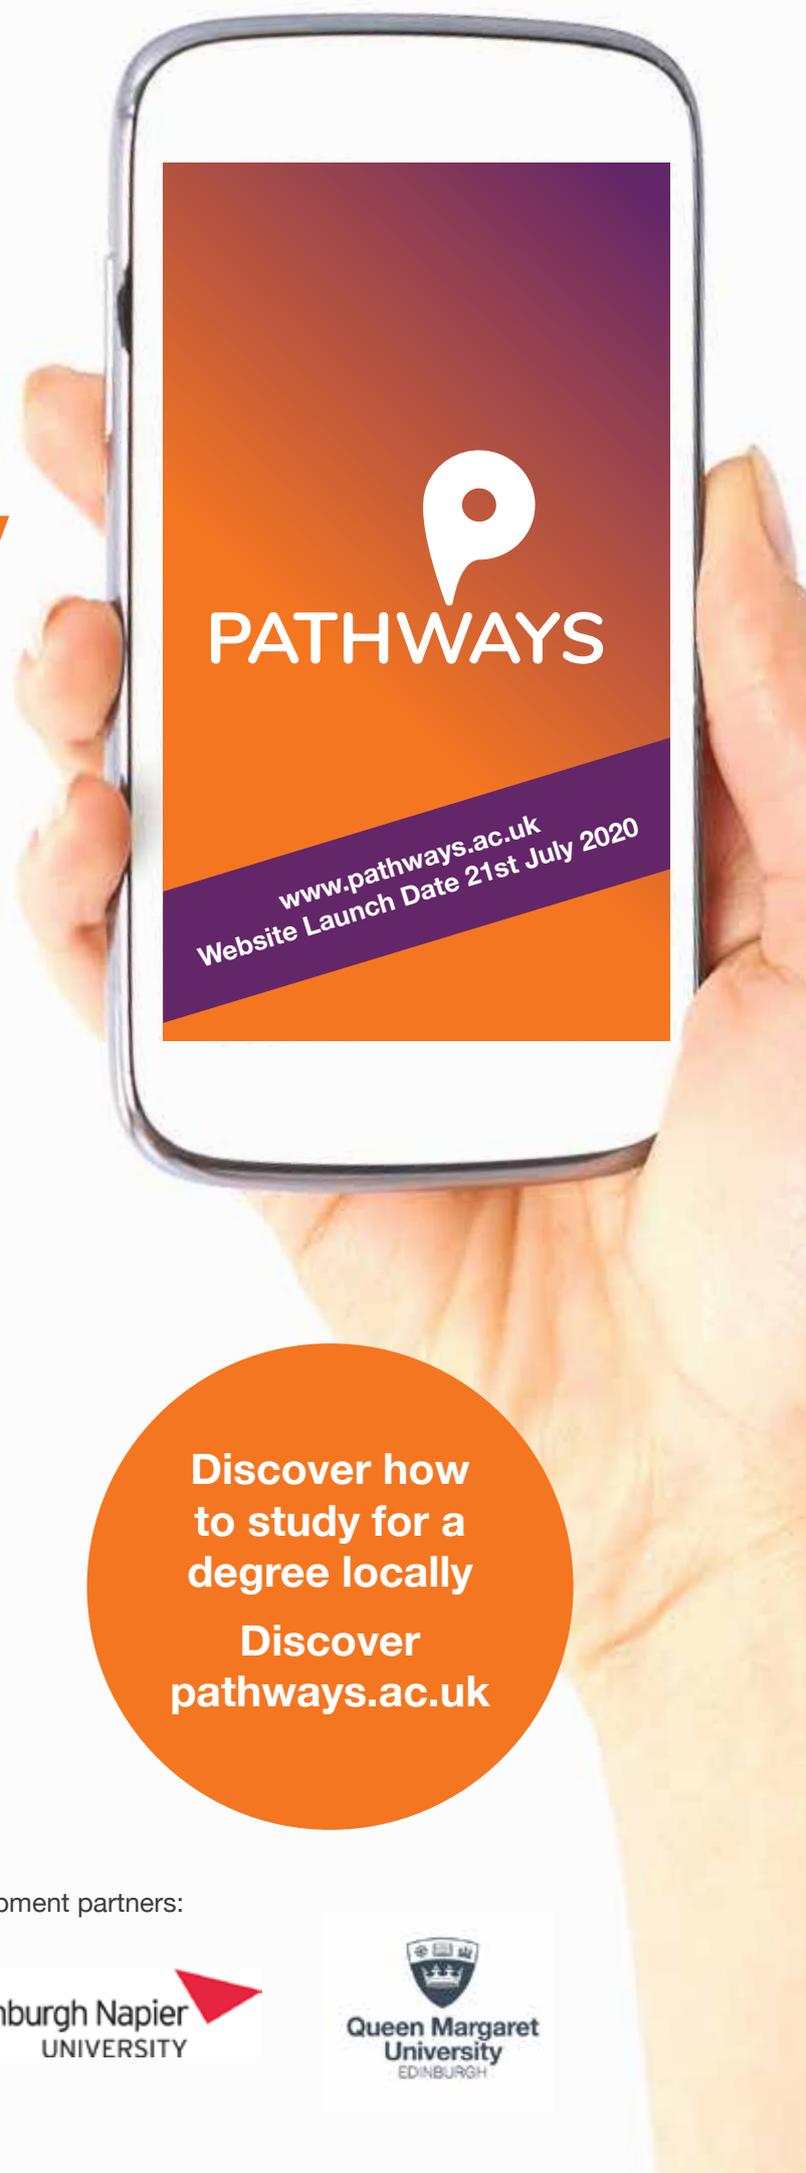

Pathways will:

- Show you how studying at college can lead to university
- Display articulation routes between colleges and universities in Fife, Edinburgh, Lothian, Borders, Stirling and Falkirk areas
- Demonstrate how you can progress from a SQA Higher National (HN) qualification to a degree without any loss of time
- Help you to choose a degree course which can be studied at your local college in first or second year
- Help you to choose a college course which leads on to a degree course at university that you can join in second or third year

Discover how
to study for a
degree locally

Regional Learner Passport Partnership

A multi-regional tertiary education partnership

Articulation pathways from HNC/D exist across many colleges and universities, but the advertising, promotion and understanding of the routes is often complex and difficult for pupils, current or potential students and advisers to find and navigate.

Colleges and Universities in the Fife, Edinburgh, Lothians, Borders, Falkirk and Stirling areas along with SFC representation formed a multi-regional tertiary education partnership called the Regional Learner Passport Partnership (RLPP).

www.pathways.ac.uk is being developed to resolve these issues.

PATHWAYS is a mobile device friendly website with a sophisticated search facility that provides a one stop shop for either those studying a HN qualification or those still to decide which path of study to take. The website is in final beta testing and a formal launch is being planned for Summer 2020.

PATHWAYS allows users to search a database of routes to find agreed articulation routes between college and universities in the areas shown below:

1. Central - Stirling
2. Clackmannan
3. Fife
4. Falkirk
5. West Lothian
6. Midlothian
7. Edinburgh
8. East Lothian
9. Borders

The Regional Learner Passport Partnership (RLPP) institutions are:

- Borders College
- Edinburgh College
- Fife College
- Forth Valley College
- Newbattle Abbey College
- West Lothian College
- Edinburgh Napier University
- Heriot Watt University
- Open University
- Queen Margaret University
- Scotland's Rural University College (SRUC)
- University of Edinburgh
- University of St Andrews
- University of Stirling
